

V4.2 Increment 2 Update

ir Force Contracting eBusiness Training Workshop

Ms. Amy L. Taylor
JPMO Technical
Division Chief
19 November 2003

Increment 2 - Advantages

- ***Functional Enhancements***
 - ❑ ***Supports Integrity Tool***
 - ❑ ***ACRN Enhancement***
 - ❑ ***Mod Control Number / Commitment ID Number***
 - ❑ ***Enhanced Line Item Funding Tab for Mods***
 - ❑ ***Reliably View .pdf Files***
 - ❑ ***Auto-Closeout / Concurrent Mod Issues Resolved***
- ***Performance Improvements***
 - ❑ ***CLIN/Tab Issue Resolved***

Increment 2 - Advantages

- ***Technical Enhancements***
 - ***Compatibility with Windows XP and Office XP***
 - ***Provides Views into PD² Database that Present Exact Numeric Data Type for Interfacing and User Queries***
- ***Adapter Technology***
 - ***SPS-J Functionality Replaced by PD² Adapter***
Key Feature of v4.2.2 !!

SPS-I vs PD² Adapter

- ***SPS-I***

- ❑ ***True Point to Point***
- ❑ ***Proprietary / Customized***
- ❑ ***Batch Processing***
- ❑ ***Not Supported in Increment 2***

Additionally, the Adapter
• Supports Consolidation
• Facilitates External Interfaces

- ***PD² Adapter***

- ❑ ***Provides Implementation Options***
- ❑ ***Modular - More Open Architecture - XML Based***
- ❑ ***Near Real-Time Processing Capability***
- ❑ ***Fully Supported in Increment 2 and 3***

PD² Adapter Overview

- ***Based On COTS Software Solution***
 - ***webMethods v4.6***
 - ***Presents PD² Data in XML Format***
- ***Purpose***
 - ***To Provide a More Open Interface***
 - ***Simplify the Integration of PD² to External Systems***
- ***Goal***
 - ***Replace SPS-I Interfaces with PD² Adapter Interfaces***
- ***Why?***
 - ***To Remove Interfaces from Increment 3 Critical Path***
 - ***To Take Advantage of Improved Capabilities***

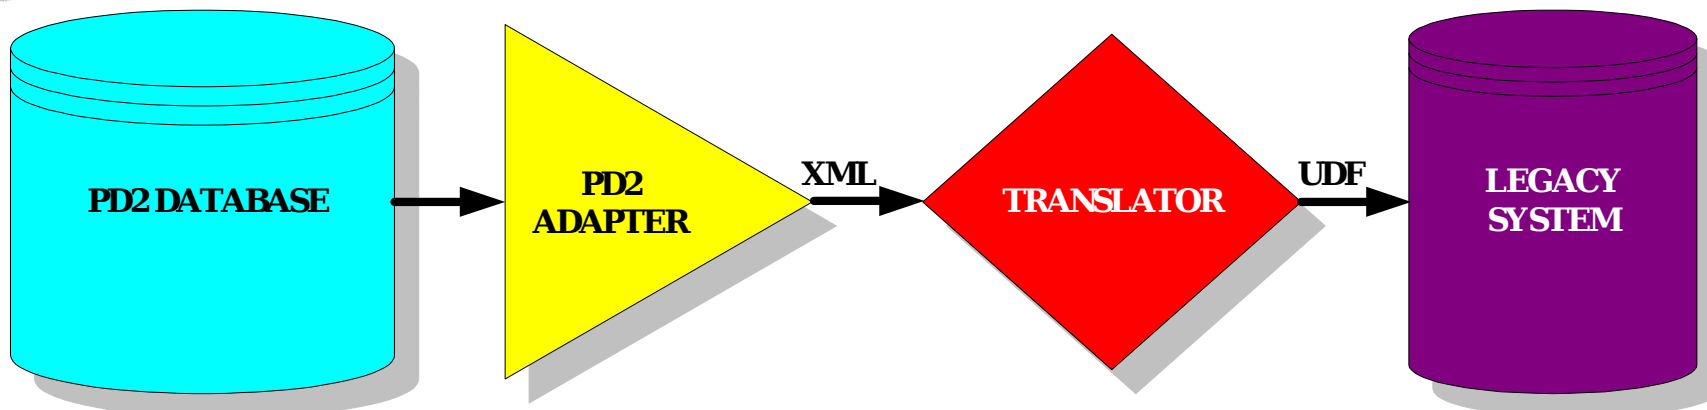

PD² Adapter Advantages

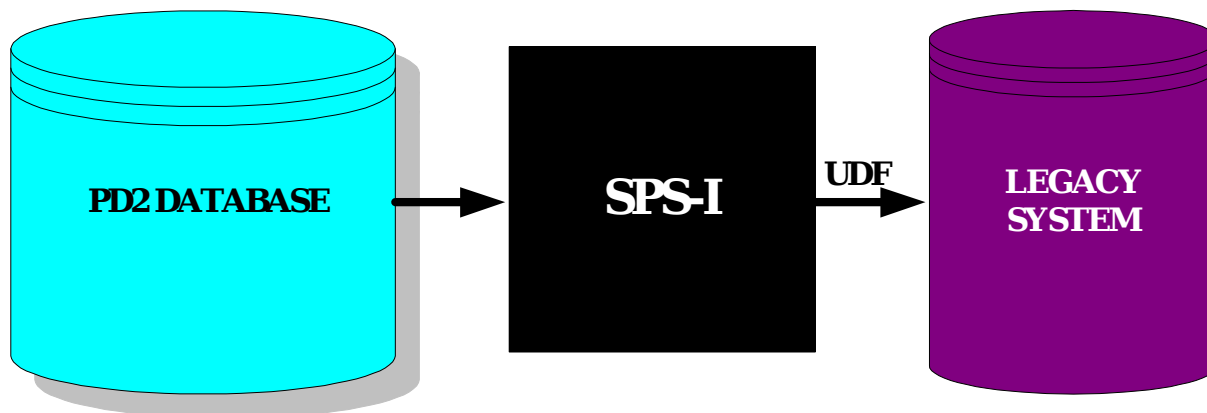

- ***Open Architecture - Interfaces Not Proprietary***
- ***Support Two-Way Data Exchange***
- ***Supports Near Real-Time Data Exchange***
- ***Adapter Technology is Re-Useable***
- ***Components Can Build Interfaces to Other External Systems***
- ***Isolates Legacy Systems from PD² and PD² from Legacy Systems***
 - ***ERP Re-Use / Standard System Interfaces***
- ***Provides Better Tools for System Administration***

Air Force SPS-I Replacement

- ***Air Force Standard Supported Systems***
 - ❑ ***ABSS***
 - ❑ ***IAPS***
 - ❑ ***J001***
 - ❑ ***MEDLOG / DMLSS***
 - ❑ ***MONGOOSE***
 - ❑ ***SBSS***
 - ❑ ***WARRS***
 - ❑ ***WIMS / CEMAS***
- ***Air Force SPS-I Replacement Schedule***
 - ❑ ***March to October 2004***
- ***Self-Upgrade to v4.2.2 Available After Completion of SPS-I Replacement Effort***

In Closing

- ***Want to Learn More About the Adapter?***
 - ***Breakout Sessions - Adapter Technology***
 - ***Wednesday 11/19 - Room 1 @ 1530***
 - ***Thursday 11/20 - Room 5 @ 1030***
